According to a Czechoslovak diplomat, the Chinese troops will not stop at the 38th parallel, but will attempt to force a complete evacuation of Korea. The United States is not expected to use the atom bomb against the Chinese, nor will it attack China. The Soviet Union does not intend to enter into a conflict with the United States at this time, but will instead use Chinese and other satellite forces to continue its pressure on the West until the Soviet Union deems it opportune to attack Western Europe directly.
